MULTIPLE DOMAINS. SINGLE-MINDED COMMITMENT.

The Brigade Group is one of India's leading property developers with over three decades of expertise in building positive experiences for all stakeholders. Instituted in 1986, the company has developed many landmark buildings and transformed the skyline of cities across South India, namely – Bengaluru, Mysuru, Mangaluru, Chikmagalur, Hyderabad, Chennai, Kochi, and GIFT City, Gandhinagar with developments across the Residential, Commercial, Retail, Hospitality and Education sectors. Since its inception, Brigade has completed 250+ buildings amounting to over 76 million Sq.ft. of developed space across a diverse real estate portfolio.

Brigade assures best-in-class design and top-of-the-line facilities that exude elegance and sophistication. The Residential developments include villas, villaments, penthouses, premium residences, luxury apartments, value homes, urban studios, independent living for seniors and mixed-use lifestyle enclaves, plotted developments and townships. Over the years, the projects have been one-of-a-kind in the sector, for example, Brigade developed Brigade Gateway, Bengaluru's first lifestyle enclave and Brigade Exotica, one of the tallest residential buildings in Bengaluru.

Brigade is among the few developers that also enjoys a reputation of developing Grade A Commercial properties. The license owners of the World Trade Center across South India, the Group's commercial spaces have top international clients operating out of them. Brigade also entered the co-working space with 'BuzzWorks' in March 2019. The commercial segment has seen consistent growth over the last few years with over 5 million Sq.ft. of office spaces under development.

Brigade Retail's first venture was the iconic, world-class Orion Mall at Brigade Gateway, subsequently expanding with Orion Avenue and Orion Uptown. Brigade's Hospitality offerings include star hotels, recreational clubs, convention centres and The Baking Company, a unique patisserie.

Brigade is the founder of The Indian Music Experience (IME) – a monumental and philanthropic initiative that is India's only hi-tech interactive music museum. It was conceived to give back to society and sensitise the present generation to the rich culture of Indian music. The Group contributes in numerous ways towards community development, health, education, and the environment. Through the Brigade Foundation, the brand has successfully opened three schools in its name, offering holistic education; has conducted large-scale tree plantation drives; spruced up parts of the city; revived public recreational spots like lakes and parks, to name a few.

Brigade Real Estate Accelerator Program (REAP), Asia's first startup accelerator program, is a prelude to the changing trends in the real estate industry, which is standing on the cusp of disruption. REAP brings along innovators and inventors to use technology as a catalyst for creating sustainable and scalable businesses in the real estate industry.

'Great Place to Work Institute' has rated the Brigade Group as one of India's best companies to work for in the real estate industry. This responsible attitude and innovative mindset combined with the uncompromising quality of the projects over the years has created a brand of outstanding repute.
